

RED FLAG ALERT PLAN

9012

(No. 1, 1987)

Each unit will prepare and maintain a red flag alert plan that incorporates ranger district and cooperator plans. The unit red flag alert coordinator is responsible for developing and organizing the plan as well as implementing the plan when notified of a red flag condition.

Each region will prepare and maintain a regional red flag alert plan that incorporates unit and cooperator plans. The regional red flag alert coordinator is responsible for developing and organizing the regional plan, as well as implementing the plan when notified of a red flag condition.

The director will appoint a red flag alert plan coordinator who is responsible for developing and organizing the statewide plan as well as implementing the plan when notified of a red flag condition. The statewide plan will be made up of the regional plans.
